Dear Sir,

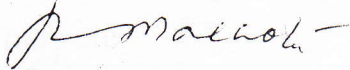

I had acquired initially one Blanket for my wife who has severe arthritis. With the usage of this blanket during the winter season, it has given her immense relief from pain which she was undergoing for the past several years.

I suggest that in addition to the existing facilities available you add on facility of temperature indicator and temperature control.

I wish to recommend this blanket to all arthritis patients.

Thanking you.

Yours Sincerely,

S.K. Malhotra
(Managing Director)
